## Presidents Message January/February 2024

Dear Brother and Sister Members,

### United Airlines

Late last week, we received notice from the Airline Division that we are scheduled to meet with the company on Thursday, February 15<sup>th</sup> in Cincinnati, Ohio, to discuss collective bargaining matters. As previously mentioned in an update from the Airline Division in late January, the company has expressed interest in another extension.

At this time, we do not have any preliminary details regarding the proposal for the extension. However, it is imperative that our negotiating committee convenes to thoroughly evaluate the proposal once it is presented. We understand the importance of this meeting and its potential impact on our collective interests.

I am pleased to share exciting news with our members. Recently, the National Mediation Board has determined that Senior Staff Representatives Maintenance Control Tech Support, commonly known as Tech Support are now part of our class and craft. This too, is a significant milestone for our organization. I wanted to extend my warmest congratulations to our Tech Support team on this achievement.

Friendly reminder, considering the significant year ahead us and the challenges the United States Postal Service is facing to deliver mail, I strongly encourage all members of Teamsters Local 19 to complete the attached form sent with the Memorandum and promptly return it to the Local. Your timely response is crucial to ensuring our collective voice is heard and represented effectively.

In Solidarity,

Jesse M Ruiz  
President and Business Manager
