APRIL PRESIDENT MESSAGE

Brother and Sister Members of Local 19:

Southwest

Brother Arnold Villarreal and I were very excited to see our Union Representatives at the Local lodge for training. We hope that with the new electronic Grievance Tracking System our Union Reps can better represent our members and help to process grievances. Soon we will provide additional training.

Congratulations to Joey Clark on his promotion to Assistant Business Representative for the Southwest MS. He brings many years of experience as a material specialist to this role. He also brings to the position stewardship skills and negotiation skills. Unquestionably, Joey has earned the respect of his colleagues.

Congratulations to Jon McClellan on his promotion to Assistant Business Representative for the Southwest Flight Sim Techs. His vast experience in the field of Flight Sim has made him well qualified for the position. In addition to his stewardship experience, he also brings many years of insight into the Southwest FST, and his colleagues respect him highly.

Fort Polk

Brother Frank Rico is currently in the process of working an arbitration case against TSI. We are also aware that at Amentum and other companies we represent are continuing a month to month funding. At Valiant, Brother Rico had a meeting with the Union Stewards on April 20 th. Frank will be having a Class and Craft meeting on May 24th, 2022 for the Amentum employees at the American Legion in New Llano, LA.

UAL

We are currently working on putting together a few surveys, to better understand what the priorities are from the majority of the membership for the upcoming contract negotiations. We will forward this information to the Airline Division. This data will also help our steering committee and negotiating committee to better understand which articles are most important to our members. We've had a few car thefts that the company is currently addressing, HPD is currently patrolling our parking lots. Please stay safe! We will have AMT day on company property on Tuesday, May 24th IAH Hangar X we hope to see everyone on that day.
